Subject: Application for the position of "Web Developer"

Dear Sir,

In response to your job advertisement published in bdjobs.com dated 14 March 2020. I would like to introduce myself to you as I believe I have the skills, qualifications, and experience necessary to make a significant contribution to your organization.

I have recently completed my B.sc in CSE degree from the Department of Computer Science and Engineering of Royal University of Dhaka. My extensive experience with designing and developing websites using HTML, CSS, Javascript and Wordpress well with your requirements. In addition, my background with working in development teams has given me the skills to adjust to the changing dynamics and processes of those environments.

I have 1+ years of experience in Web Development and 5+ years of experience in Graphic Design. That enhanced my technical capacity and performance. However, I can assure you that I am quick learner, adaptive as well as an energetic person.

I believe working in a reputed organization like your one will provide me an excellent opportunity for my career. I would truly be grateful if I finally selected for that post and I will prove myself to be an important asset for your company through my dedication, sincerity and highest level of professionalism.

Sincerely,

Md. Nazmul Hasan
